# 300W Most Popular Medical Electrosurgical unit HV-300A LCD

## Features

The intuitive design and user-friendly set-up of the AHANVOS Electrosurgical Generator (diathermy) for use in the modern operating room, it features both Monopolar and bipolar functions to satisfy all the surgeon's demands with safety,

flexibility, reliability and convenience.

## Technology

Language options: English, Spanish, Portuguese, Turkish and etc.

## Touch screen and REM(Return Electrode Monitoring)

Return electrode contact quality monitoring system (REM). The REM system continually monitors patient impedance levels and deactivates the generator if a fault in the patient/return electrode contact is detected, which minimizes the danger of burning incidents

## Application of Use:

HV-300A LCD well combines safety and effectiveness for a broad range of electrosurgical needs, such as general surgery, gastroenterology dermatology,

vascular surgery, obstetrics and gynecology heart/thoracic surgery, ORL/ENT; minimally invasive surgery (MSI) cerebral surgery neurosurgery;

orthopedics & plastic surgery, Trans Urethral Resection (TUR) and etc.

Package and delivery

**Delivery Date : Normally 3 working days after confirming payment**

**Loading Port: Beijing**

**Strong Packaging enduring long shipment**

**Delivery according to your request**

**We can ship the items all the world**

**Overview :**

HV-300A LCD electroSurgical lgenerator combines versatility and safety, for all general electroSurgical procedures such as cutting and coagulation in clinics, offices and emergency rooms.

**Technical Specification**

Brand	Ahanvos
Item Name	High Frequency ElectroSurgical Generator
Material	Stainless Steel
Main Frequency	512KHz
Max Output Power	300W
Application	Human/Veterinary Surgery
Power Supply	100~240V/50~60Hz
High Frequency Leakag	Mono < 150mA; Bip < 60mA
Power readouts	within ±20% or 5W
Certificate	CE ISO

**Accessory**

- 1.Power cable plug
- 2.Disposable ESU pencil
- 3.Disposable ESU plate
- 4.Reusable plate cable
- 5.Two Button Footswitch

---

6.Reusable Bipolar forceps

7.Reusable Bipolar cable

#### APPLICATION OF USE

General Surgery;Gastroenterology;  
Dermatology;Vascular Surgery;  
Obstetrics and Gynecology Heart/Thoracic Surgery;  
Minimally Invasive Surgery(MSI)Cerebral surgery;  
Neurosurgery,Orthopedics&Plastic Surgery;  
Trans Urethral Resection(TUR)and etc.

#### FAQ

Q: Are you a factory or a trading company ?

A: We are a Chinese medical instruments manufacturer for 20years, All the products are made of our workers.

Q: Can you accept OEM ?

A: YES! We offer "Ahanvos" brand to you, But if you need we can also offer OEM service.
